LoDo PHYSICAL THERAPY CONSENT & POLICIES

- CANCEL/LATE POLICY:** If you must cancel your scheduled appointment, 24-hour notice is required. For Monday appointments, notice by Friday prior at your appointment time will need to be made. We do not accept weekend cancellations that will avoid our cancellation penalty for the next business day.
- If you cancel with less than 24-hour notice, we reserve the right to charge a minimum fee of \$25, with a maximum fee of \$90 depending on the treating therapist.
 - **YOU alone are responsible for this fee; this cannot be billed to your insurance company.**
 - **Please note that cancellation fees may vary depending on the treating therapist/provider.**
 - If you arrive more than 10 minutes late for your appointment, your time may be reduced or the therapist may cancel, in which case you could incur a \$25 cancel fee; we will not add time to your appointment.
- FAMILY AND FRIEND POLICY:** Inside our 24 hour cancelation period, we do not allow appointment switches (even between family members or friends) without the prior consent of our office; our \$25 cancel fee policy will still apply.
- NO SHOW POLICY:** Failing to show for your appointment without contacting our office constitutes a **“NO SHOW FEE”**. As we require adequate time to fill our extremely full schedules, we will charge the full value of a self-pay appointment, at \$90.00 per incident.
- **YOU alone are responsible for this fee; this cannot be billed to your insurance company.**
- INSURANCE:** I understand that my insurance benefits are only a *quote* of benefits and *not* a guarantee of payment. I understand that what I am quoted by Lodo PT (LPT currently) and/or my insurance company may differ from what I may owe at the conclusion of physical therapy.
- I understand it is my responsibility as the patient to know my insurance coverage. I authorize payment of my insurance benefits to be made directly to LoDo Physical Therapy, PLLC. I agree to pay in full any and all charges not covered by insurance or other benefits (including Trigger Point Dry Needling (TDN) materials).
 - I understand that it is unlawful (and a breach of contract with “in-network” insurance companies) for LoDo Physical Therapy, PLLC to waive copays, coinsurances, and deductibles that are my responsibility.
 - If your insurance policy has changed, you have 48 hours (2 business days) following your date of service to notify us of such a change, otherwise be subject to our full rate (up to \$200).
- CONSENT:** I consent to physical therapy services at LoDo Physical Therapy, PLLC (LPT). I know if I have any questions about my care, I should be sure to ask the physical therapist about them. I know it is up to me to inform the physical therapist about any health problems or allergies I have. I must also tell the physical therapist about drugs or medications I am taking.
- FINANCIAL:** I understand that a \$25 fee will be added to my bill for any returned check. If I do not pay my outstanding balance within 60 calendar days, my balance may be sent to a collection agency and a 1.5% fee will be added to the unpaid balance monthly. If a form of payment is on file, we reserve the right to apply it to any open balances. If your account holds a credit, we will return your overage at the end of your treatment. If there is a credit on file, we reserve the right to apply it to any open balances. This will affect our maintenance patients differently; please direct any questions regarding this to management.
- NO GUARANTEES:** I understand that the practice of physical therapy is not an exact science and that no guarantees or promises have been made to me as a result of treatments or examinations by the physical therapist. I understand that no contract, warranty, guarantee, or promise concerning the results of the physical therapy services is made. This consent to treatment form is not a contract, nor is it an offer to contract, nor is it an acceptance of an offer to contract.

Trigger Point Dry Needling (TDN) Consent Form

Trigger-point Dry Needling involves placing a small needle into the muscle at the trigger point in order to cause the muscle to contract and then release, improving the flexibility of the muscle and therefore decreasing the symptoms.

TDN is a valuable treatment for musculoskeletal pain. Like any treatment, there are possible complications. While these complications are rare in occurrence, they are real and must be considered prior to giving consent to treatment.

Possible Risks of the Procedure:

Though unlikely there are risks associated with this treatment. The most serious risk associated with TDN is accidental puncture of a lung (pneumothorax). If this were to occur, it may likely only require a chest x-ray and no further treatment. The symptoms of shortness of breath may last for several days to weeks. A more severe lung puncture can require hospitalization and re-inflation of the lung. This is a rare complication and in skilled hands should not be a concern.

Other risks may include bruising, infection and nerve injury. Please notify your provider if you have any conditions that can be transferred by blood. Bruising is a common occurrence and should not be a concern unless you are taking a blood thinner. As the needles are very small and does not have a cutting edge, the likelihood of any significant tissue trauma from TDN is unlikely.

Please consult with your practitioner if you have any questions regarding the treatment above.

Do you have any known diseases or infections that can or may be transmitted through bodily fluids?
